OBJECTIVE

Aspiring Software Developer with a solid foundation in Web Development, demonstrated through multiple projects. Proficient in Git, GitHub, SQL, and JavaScript, with hands-on experience in building web applications. Passionate about creating efficient and scalable solutions, I am actively seeking opportunities to apply my skills and contribute to impactful software projects.

TECHNICALSKILLS

- **Programming Languages:** Built a strong foundation in Java, with hands-on experience in JavaScript.
- **Web Frameworks**: Hands on experience with Nodejs, ReactJs, ExpressJs and RESTful API
- **Databases**: Good command over MySQL and MongoDB.
- **Data Structures & Algorithms:** Solved 100+ problems on various coding platform, strengthening problem- solving and logical skills**.**
- **Version Control:** Experienced in using Git and GitHub for version control and managing code repositories.
- **Core Subjects:** Networking, OOPS, Operating System and DBMS

CERTIFICATIONS

- J**ava & DSA Certification** (Apna College)
- **Python Certification** (Udemy)

SOFT SKILL

- Strong communication and interpersonal skills
- Team collaboration and leadership abilities.
- Problem-solving and analytical thinking.
- Adaptability and continuous learning mindset.

RELEVANT EXPERIENCE

Backend Developer Intern,   Softwave Solutions   March 2025 - Present

- Developing and maintaining RESTful APIs to support frontend functionalities, improving data exchange efficiency by 30%.
- Collaborated with the frontend team to integrate authentication workflows (JWT), enhancing system security.
- Participated in Agile sprints, contributing to weekly code reviews and sprint planning sessions.
- Integrated OAuth 2.0 for third-party app logins, increasing user onboarding success rate by 30%.

PROJECTS

WonderLust-A Travel Planner | Live

- Developed a web application for travel planning and exploration, enabling users to discover destinations, create itineraries, and manage bookings seamlessly. Designed an intuitive UI for an engaging user experience.
- **Technologies Used:**
  - Front-end: Html, CSS, JS, Bootstrap
  - Back-end: Node.js, Express.js
  - Database: MongoDB
  - **Version Control:** Git, GitHub

Fabric-An Ecommerce Platform | Live

- Developed a full-stack e-commerce platform enabling fabric vendors to list products and customers to purchase seamlessly. Implemented secure vendor onboarding, real-time inventory management, and an intuitive shopping experience.
- **Technologies Used:**
  - Front-end: React.js, Tailwind CSS
  - Back-end: Node.js, Express.js
  - Database: MongoDB (for product/vendor data)
  - Authentication: JWT for secure vendor/customer login
  - Version Control: Git, GitHub

EDUCATION

Master of Computer Application

- **Vellore Institute of Technology,** Vellore India
- **Masters**: 2024-26
- **CGPA**: 8.69

Bachelor of Computer Application

- **Dr. Zakir Hussain of Institute**, Bihar India
- **Graduation**: 2021-24
- **CGPA**: 8.02
